Re: Ohio Board of Building Standards Recognition for Conformity Assessment Bodies

Dear Mr. Escherich,

The Ohio Board of Building Standards (Board) met on September 6, 2019 to ratify the recognition request for Element Materials Technology St. Paul Inc., located at 3922 Delaware Avenue Des Moines, Iowa 50313, to be included on the recognition list(s) for the following conformity assessment bodies in accordance with your accreditation(s).

TESTING LABORATORY

Your recognition applies only to the location referenced above and depends on the continued maintenance of this facility accreditation with your accreditation program. Any changes to your accreditation status shall be communicated to the Board to allow updates to the Board recognition lists.

A triennial update is required by the Boards rules. The deadline is July 1, 2020. If your company should become accredited for other conformity assessment services, reapplication is required to be recognized by the Board for only those new accreditations. The Board publishes the current revised recognition list(s) and applications on the Board of Building Standards website at <https://www.com.ohio.gov/dico/bbs/default.aspx>, under the 'Codes' tab, and subsection 'Recognized Conformity Assessment Bodies'.

Please contact the Board if you have additional questions. Thank you.

Sincerely,

Robert Johnson, Architect, CDT, NCARB
Assistant Architect Administrator/Board Investigator
Department of Commerce-Ohio Board of Building Standards
